Improving Competitiveness

DOING BUSINESS WITH AFOSR

- **Engage with AFOSR PO researchers** to discuss your idea statement
- Promising ideas may begin an ongoing dialogue leading to full proposal submission
- Throughout your working relationship with AFOSR, you can expect an AFOSR PO to take on a number of roles:
 - Topical / Program Expert
 - Educator / Communicator
 - Team Builder
 - Advocate
 - Evaluator
 - Administrator
 - Active Member of AFRL, DoD & Scientific Communities

Improving Competitiveness

DOING BUSINESS WITH AFOSR

- **Attend grant writing courses**
- In general, a good proposal is one that includes:
 - Strong technical merit
 - Air Force relevance
 - Solid budget justification
 - Consideration given to every requirement stated in the BAA

Improving Competitiveness

DOING BUSINESS WITH AFOSR

- **Understand funding considerations**
- AFOSR receives far more good proposals than it is able to fund every year
- POs must factor many other considerations into funding decisions. Those include, but aren't limited to:
 - Overlap with program interests and connecting to DoD labs
 - Potential for scientific breakthroughs
 - Strategic directions
 - Budget realities
 - Peer review recommendations
