FDP ERA Subcommittee Federal Agency Matrix Working Group

Background & Purpose of Working Group

Background:

- eRA Subcommittee created Agency System Matrix in 2003
  - Limited Updates
  - New Systems and System functionality emerged

Purpose of new Working Group:

- Update the inventory of Federal Agency Systems
- Update inventory of System-Specific data elements

Status Report

- Created new database – Thanks Scotty!

  New link coming soon

- Entered all data from spreadsheet
  - Need volunteers for data validation
- User Acceptance Testing
  - Need volunteers to test functionality

Next steps

Next Steps:

- Create dictionary of common definitions and data standardization
    - Move away from free text to standardized data/drop downs
- Data review and updates
    - Need process and volunteers
- Data Custodians – who can create accounts
- Move site from University of Wisconsin to FDP
