GOVERNMENT-UNIVERSITY-INDUSTRY RESEARCH ROUNDTABLE

The National Academies of
SCIENCES • ENGINEERING • MEDICINE

We will explore:

- (1) the forces – economic, regulatory, cultural, and political – that are shaping the current innovation environment.
- (2) how industry, government, and universities are adapting to the accelerated pace of innovation in the current open innovation age.
- (3) how partnerships between the three sectors play an increasingly critical role in advancing technology development and commercialization.
- (4) how an investigation of the 21st century innovation environment can inform policymaking to strengthen U.S. competitiveness as a leader in S&T in the global economy.
