GUIRR UPDATE

Meeting of the Federal Demonstration Partnership (FDP)

Susan Sloan
Director, GUIRR
September 23, 2019

Government | University | Industry
RESEARCH ROUNDTABLE
Policy and Global Affairs Division

Third and Final Meeting of 2019

GOVERNMENT-UNIVERSITY-INDUSTRY RESEARCH ROUNDTABLE

The National Academies of

SCIENCES • ENGINEERING • MEDICINE

USING RESEARCH AND TECHNOLOGY TO ADDRESS COMPOUNDING DISPARITIES

OCTOBER 15-16, 2019

National Academy of Sciences Building
WASHINGTON, DC 20418

GOVERNMENT-UNIVERSITY-INDUSTRY RESEARCH ROUNDTABLE

The National Academies of

SCIENCES • ENGINEERING • MEDICINE

We will consider the compounding socioeconomic effects of disparities in income, health, education, and digital connectivity.

- How can the research community take institutional and collective action to identify and address disparities at the intersections that will make interventions most effective?
- How can research institutions act as anchors in their communities to reach marginalized populations?
- What are best practices for community engagement in the context of deployment and use of emerging technologies without intensifying social disparities?
