Announcements on the CDMRP Website – <http://cdmrp.army.mil>

The screenshot shows the CDMRP website interface. The top navigation bar includes links for HOME, SITE MAP, CONTACT US, and social media links for Twitter, YouTube, and RSS. A search bar is also present. The main navigation menu features several categories: RESEARCH PROGRAMS, **FUNDING OPPORTUNITIES** (circled in red), CONSUMER INVOLVEMENT, SEARCH AWARDS, MEDIA CENTER, and ABOUT US. The central content area displays '2014/2015 Program Announcements' with a list of research areas: Alcohol and Substance Abuse, Amyotrophic Lateral Sclerosis, Bone Marrow Failure, Breast Cancer, Clinical and Rehabilitative Medicine, Defense Medical Research and Development Program, and Psychological Health and Traumatic Brain Injury. The 'Funding Opportunities' sidebar link is also circled in red. The bottom of the page shows the Windows taskbar with the time 3:14 PM.

Pre-Application Files in eBRAP

- ◆ Specified in announcement
- ◆ Page and/or text field limits
- ◆ Real-time auto-compliance
- ◆ Auto-email notification

The screenshot displays the eBRAP interface for a pre-application. The top navigation bar includes links for Home, Help Desk, Guide, FAQ, Privacy Statement, and Logout. The main header identifies the portal as the "Electronic Biomedical Research Application Portal" serving USAMRMC, USAMRAA, CDMRP, and DHP. Below this, a secondary navigation bar lists "My Profile", "My Organization(s)", "My Applications", and "Funding Opportunities & Forms".

The "My Applications: Pre-application Files" section is active, showing a progress bar with steps: Summary, (1) Application Information, (2) Application Contacts, (3) Collaborators and Key Personnel, (4) Conflicts of Interest, (5) Pre-application Files, and (6) Submit Pre-application. The current step is "Pre-application TE140021 Files", with a status of "DRAFT".

Instructions state: "The following files are required to complete submission of a pre-application. In the boxes below, please upload a separate file for each required file type for this mechanism option. Note that the newly uploaded file will replace the version previously uploaded for that section."

Users are directed to follow steps to complete the "Files" section:

1. Upload the Pre-Application Narrative document
2. Upload the Supporting Documentation document

Two upload boxes are visible:

- Pre-Application Narrative**: (2 page limit - Allowed File Types are DOCX, PDF, D. File to be Uploaded: [Browse...])
- Supporting Documentation**: (Allowed File Types are DOCX, PDF, DOC - Required. File to be Uploaded: [Browse...])

Below the upload boxes, a "Pre-application TE140021 Summary" section shows application details: Application Title: Test PPI/BO, Principal Investigator: Brenda Spencer-PI, Business Official: unassigned, Performing Organization: Zero, Inc, Contracting Organization: Zero, Inc, Program: Test Program 2014, Award Type: Pilot Award, and Pre Proposal Deadline: December 29, 2015 by 05:01 PM, Eastern Standard Time (check current official time). The status is "DRAFT".

A "Pre-application Screening" section follows, explaining that pre-application submissions require naming or inviting a Business Official in the "Application Contacts" tab but do not require approval by an Organization's Authorized Representative. It notes that users may update this information or upload a revised pre-application at any time prior to the pre-application deadline.

The final section, "The following steps are required to complete submission of a pre-application:", lists the steps in a table:

Step	Pre-application Steps
1	Application Information
2	Application Contacts
3	Collaborators and Key Personnel
4	Conflicts of Interest
5	Pre-application Files
6	Submit Pre-application
